ALAMO COLLEGES DISTRICT
Northeast Lakeview College
MISSION STATEMENT

The Information Technology programs of the CSTEM department at Northeast Lakeview College prepares students to enter the cyber workforce through training programs and degree offerings in Network Administration Technology and Cyber Defense. We achieve this **MISSION** using an E3 measure:

Engage – We engage our students in active learning by creating an environment of collaborative, hands on practical projects addressing real world cyber challenges.

Equip – We equip our students with marketable skills, experience with industry standard tools, technical knowledge beyond the textbook and advanced industry certifications to enter cyber workforce.

Empower – We empower our students to make a difference in the lives of their family, our community, and our Industry.
